

## **Global Sports Academy Q & A**

**Presenters:** Paul Bradley and Curtis Pereverzoff

Village Sports is built on passion to develop and support Athletes to be the best they can be as a person, student, and athlete.

Mission: to leave youth sports better than we found it.

Core values: integrity, competitive, excellence, relationships, community.

Curtis Pereverzoff – U13AA

Cole Arcuri – U16AA

Ty cooper – U15AA

Overview of program – U15/U16

- Allows athletes to peruse the passion of hockey and be a part of an Academy Experience.
- They will be integrated into the academic Academy
- Make sure the students get the credits they need

What is offered?

- Practice ice – on avg. 3.5 X a week
- Training – on avg. 2 x a week
- On ice goalie coaching – 1/week
- Team video sessions – on avg. 1/week (this is the #1 tool for athletes)
- Individual player development plans – each athlete will get a plan. Where they started/where they end.
- Classroom deliverable – PE credits
  - Grade 9 – Phys. Ed, Health, Career & Leadership
  - Grade 10 – Health, Wellness, Hockey Skills
  - Grade 11 – Phys. Ed, Health & Wellness.
- All transportation during the day – one way/5 X a week
- Coach's wages – 5 X a week
- HONE Athletics App – helps the coach understand the team/check ins.
- Expert Speaker Presentation – up to 5
- Coach mentorship and Support resources – on going all season.

## Q & A

1. **What school do I have to attend?** Any a high school in the Holy Trinity and Prairie South School Division.
2. **Who can participate?** Those who make the U15AA & U16AA MJMH or any individual from Grade 9-12. Those who want to enroll as an “individual” will contact the Global Sports Academy.
3. **Cost will be reflective to the end of the hockey season to give the out-of-town athletes the opportunity to return.** The program is reflective to the end of the hockey Season. You will have a choice if you would like to stay or return home. If you choose to return home, the cost can be pro rated.
4. **What happens after the hockey season is over?** After the hockey season, the curriculum will change to other sports. Work on strength in the gym, more ice time – if available.  
Upon the end of the season, those who want to continue with the program will have the option to do so while we switch to deloading from the season, out of season strength and conditioning and multi-sport development. Those who want to stay in the program will have the right to do so for a small additional cost.
5. **What if my unique circumstances need to be communicated?** Bring it up to MJMH and the coaches – a program can me made. We can find what works for you.
6. **What does a typical week look like?** We will be with the kids everyday Monday – Friday. They will have core classes in the AM and then bussed to Global for the afternoon. Wed is usually a multi sport day, Tues/Thurs – on ice game play application, Friday is an academic catch up day – support is provided.
7. **Do I have to be in an individual program (ie: Global program for individuals or the morning skate) to make the team program?** No, we want everyone to be successful. We will look at the data. We aren’t here to be in politics. We have had players make teams, not in the morning program in the past.
8. **When the kids are bussed, what do they do with there equipment?** There is storage at the rink. Sometimes parents will drop the bag off in the AM or the night before.
9. **Are U18AA not eligible for the program?** Yes, but not the “team program” they would have to join as an individual through the Global Academy.
10. **What do the numbers look like for registration – Is there a min/max?** The Individual program which exists right now goes to the end of the school year to ensure credits are satisfied and we can get the full program in. The max number will be 24 skaters and up to 4 goalies and then a waiting list will begin with the individual program. We will do our best to accommodate more as the school divisions have said they have the room to support 35 but we can't have that many on the ice so would need to look at ice scheduling even further.
11. **Will there be restrictions on other school sports?** No, we encourage other sports and as long as it doesn’t interfere with the commitment to the team. We want them to immerse themselves in other sports. Communication with coach is very important and goes along way.

12. **U15AA practice is during the day, how does that affect grade 8's?** We have had a conversation with the school and accommodation will be given. This will be one of those unique circumstances. They will receive the credits they need. We have ways to make this work, bring in someone to help or online classes
13. **Can the athletes choose their "off ice, after season sport" they would like to do?** We will do our best to create a specific program to what they need.
14. **You had said you're trying to get a golf pro in for the off season, will the cost go up if they want specific training after the season?** No extra cost, everything is worked into the original price.
15. **If they make the MJMH team, do they have to do the global program? With the extra cost if they have financial needs are their programs to help?** Yes they have to do the Global program if they make the AA team. There are grants and bursaries. Fundraising as well. We have never turned anyone away for financial reasons. Of course, there are costs that have to happen, but we are willing to work with you.
16. **What about the out-of-town kids?** This is a unique circumstance as well. And will work with them to figure this out.
17. **MJMH has had a partnership with Global before and it didn't work out, what changes have been made to see this succeed?** We have partnered with another school division (we only were with 1 division which limited what we could offer). We now have 3 coaches; we have the ability to make a sustainable program. The program was new and what is now being offered is vastly different. Our big vision we want to do it right this time.
18. **How does this affect the relationship between SHA?** They are encouraging it; this is strengthening our relationship with them.
19. **What is the cost of the program?** The cost for the U15AA and U16AA will be approx \$7500-8000 base price.
